

AMAG Access Control System Setup

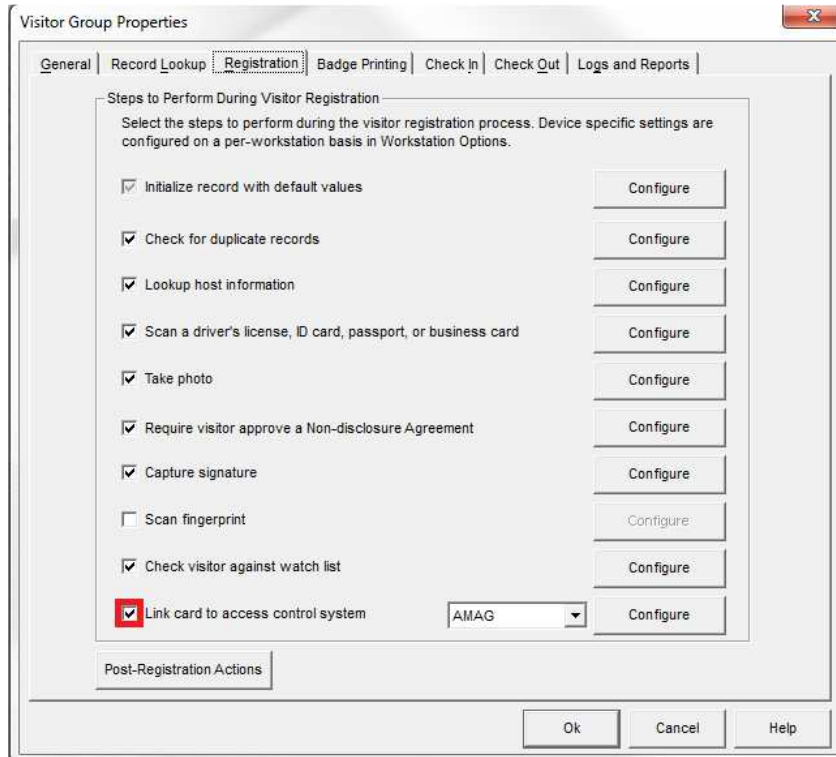

1. Open the group properties.

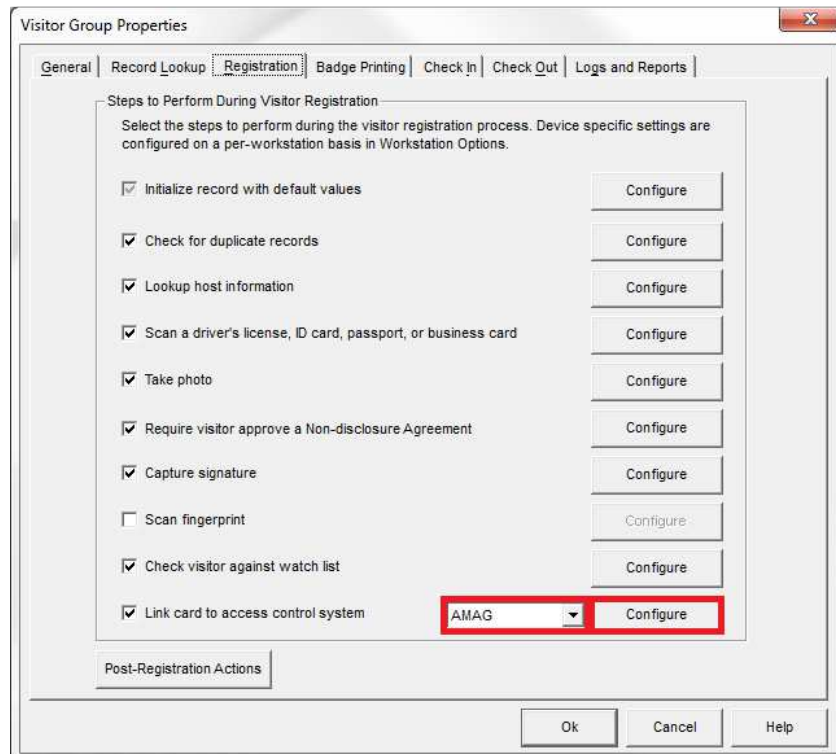

2. Open the Registration tab.

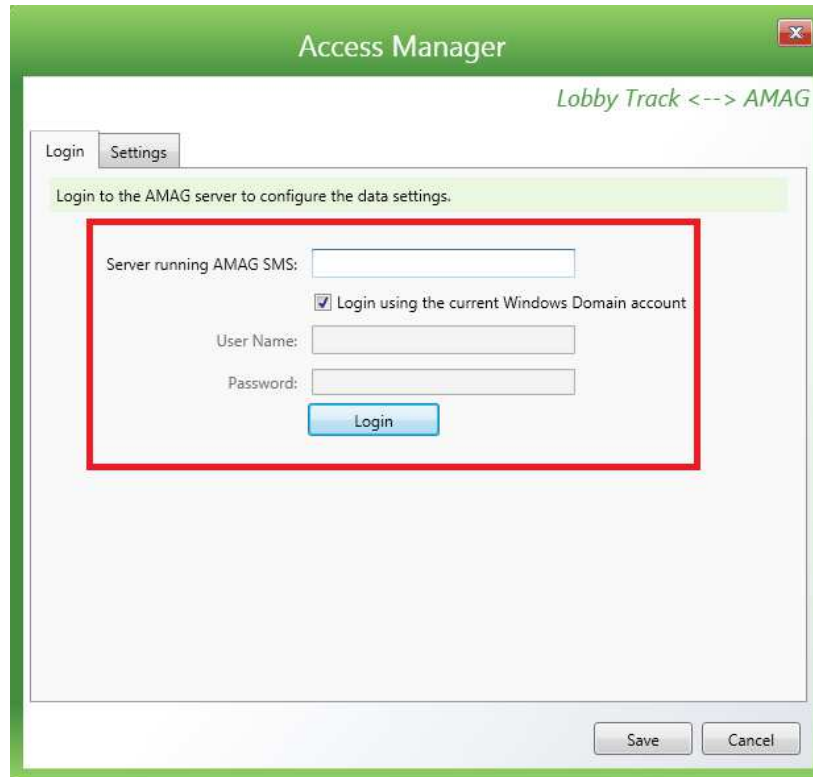

3. Select the 'Link card to access control system' option.

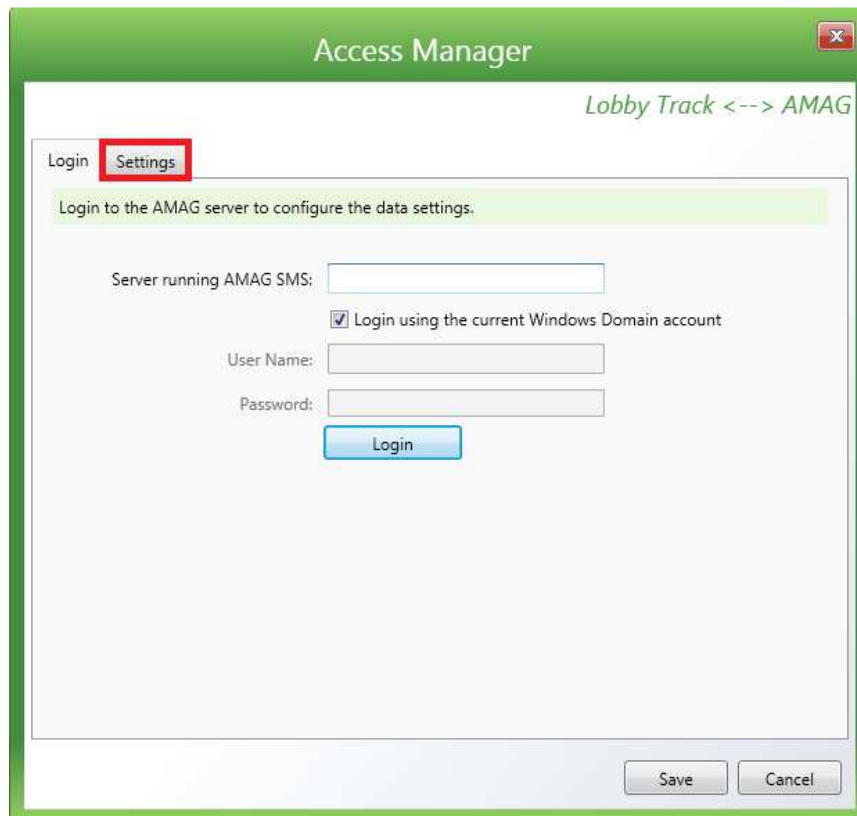

4. Select AMAX from the drop-down menu and click configure.

5. Configure the software by referencing the settings retrieved from your AMAG system.

6. Open the Settings tab.

7. Map the database fields between the Jolly Technologies software and the AMAG system.

Access Manager

Lobby Track <--> AMAG

Login Settings

Select the AMAG Badge Type and Access Code then map the AMAG fields to Lobby Track record fields. When a record is saved in Lobby Track, the mapped values will be sent to the AMAG server.

AMAG Badge Type:

AMAG Access Code:

AMAG Fields **Lobby Track Visitor Fields**

Card Number:

Employee Reference*:

First Name:

Middle Name:

Last Name:

Start Date:

End Date:

PIN:

* Employee Reference, available only when the Cardholder Badge Type is selected, can be used to store the Lobby Track ID number.

Save Cancel

8. Click the Save button.
